**🔗** Shubham Bhati

### Professional Summary

Driven Java Backend Developer with extensive coding experience, adept at solving complex problems and building scalable products. Enthusiastic about staying updated with emerging technologies like Generative AI to deliver innovative solutions.

### Education

#### Full Stack Web Development (Full Time)

Masai School, Bengaluru

Jul 2022 – Jun 2023

#### Bachelor of Commerce

Devi Ahilya Vishwavidyalaya, Indore

Apr 2019 – Apr 2022

### Certificates

- Zoom Marathon Challenge [🔗](#)
- HackerRank [🔗](#)

### Soft Skills

Problem-Solving | Collaboration | Adaptability

### Professional Experience

#### Associate Software Engineer

IHX Private Limited

Sep 2023 – Apr 2024 | Bangalore, India

- Developed scalable healthcare software using Java, Node.js, Python, MySQL, MongoDB, and FHIR.
- Automated non-integrated payer processes with RPA, achieving an 80-90% success rate.
- Engineered a solution converting JSON data to FHIR objects, enhancing operational efficiency by 89%.

### Projects

#### Shopzilla

**GitHub** [🔗](#)

An innovative online shopping platform focused on enhancing user convenience for buyers and sellers.

**Tech Stack:** Java, MySQL, Maven, JDBC, Swing, Git & GitHub

##### Features:

- Smooth Navigation: Ensured a user-friendly and intuitive platform.
- Secure Access: Implemented a safe login and logout process.
- Activity Monitoring: Developed systems to monitor and analyze buying and selling activities.
- Effortless Transactions: Facilitated seamless buying and selling experiences.

#### WorkFolio

**GitHub** [🔗](#)

A sophisticated Java web application for seamless employee data management with a user-friendly interface and robust MySQL integration.

**Tech Stack:** Java, Spring Boot, MySQL, Maven, Spring Data JPA, RESTful API, Thymeleaf, Lombok, Postman, Bootstrap.

##### Features:

- Intuitive Interface: Facilitates efficient employee data management.
- Seamless MySQL Integration: Enables storage and management of data.
- Accurate Input Validation: Ensures error-free data entry.
- Robust Spring Security: Implements authentication and authorization.

### Technical Skills

Java | JavaScript | Python | Spring Boot | Hibernate | Maven | RESTful API | JDBC | MySQL | MongoDB | AWS | Git/Github | DSA | HTML/CSS
